

Invitation to
OPEN-HOUSE

*You are cordially invited to
attend our new
Thermography Clinic branch,
in Mississauga West.*

We provide breast health awareness and cancer prevention, thermography screening to Canadian women, as well as, an added-benefit, mobile-service to health practitioners and corporations.

Come join us and find out how we can help you to stay healthy or to extend your health care services.

Thermography is the only technology today that can detect abnormal cellular activities in the breast, 5-10 years before lumps appear.

Fight this disease, starting with you!
